

Pathwork Workshop

For beginners and those familiar with the material

Who is Turning the Wheel of Your Life?

- Are you perplexed by some of the choices you make?
- Do you experience yourself in repetition of certain incidents, although the players might change?

If you answer 'yes' to one of these questions, there is a really good chance your wheel is turned by something other than your Real/Divine Self.

In this workshop we explore some Pathwork Principles, like:

- Dualistic Misconceptions or Beliefs
- Emotional Reactions vs. True Feelings
- 3 Different Levels of Consciousness and their connection to living your life from your Real Self.

What is Pathwork: The foundation of the Pathwork is a series of 258 lectures delivered by a spiritual teacher named Eva Pierrakos. This body of wisdom describes a concrete, integrated method of self-exploration and change that is practical, down-to-earth, and effective.

The lectures outline a detailed, step-by-step process in which the union of all apparent opposites on a spiritual path can be reconciled: personal fulfillment and selfless service, facing our personal negativity and claiming our Divine Self as our true identity.
